Renovation of Canals
Bhuria,Shri Kantilal;Puttaraju Shri C.S.

Will the Minister of WATER RESOURCES, RIVER DEVELOPMENT AND GANAGA REJUVENATION be pleased to state:

(a) whether the Government is aware that the irrigation facilities are not being availed of as the water is not being carried smoothly upto the fields through rivers, ponds and canals as the canals have become old and non-functional in the country including Madhya Pradesh;
(b) if so, the details of such canals, Statewise;
(c) whether the Government has formulated any plan to improve the canal system; and
(d) if so, the details thereof and the concrete steps to be taken in future to better the system with State-wise funds allocated for the purpose, if any?

Answer

THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION
(DR. SANJEEV KUMAR BALYAN)

(a) to (d) A number of irrigation projects in the country have been operating below their potential due to shortage of funds for operation & maintenance (O&M) related activities such as cleaning of channels, system deficiencies, poor water management practices, etc.

Water Resources Projects are planned, funded, executed and maintained by the State Governments themselves as per their own resources and priorities. In order to supplement the efforts of the State Governments, Ministry of Water Resources, River Development & Ganga Rejuvenation provides technical and financial assistance to State Governments to encourage sustainable development and efficient management of water resources through various schemes and programmes such as Accelerated Irrigation Benefits Programme (AIBP) under Pradhan Mantri Krishi Sinchayee Yojana (PMKSY).

Central Assistance for extension, renovation and modernization (ERM) of Major/Medium Irrigation projects is provided under AIBP. State-wise and project-wise details of 42 ERM projects included under AIBP are at Annexure.
